

► **Cleva North America: Vacmaster Professional 5-gallon 6 Peak HP Beast Wet/Dry Vac**

Key features: A powerful 6 peak horse power machine is designed to handle tough cleanups. And if you need to blow away debris from your workspace or yard, it easily converts into a blower. Equipped with a high-efficiency cartridge filter that captures fine dust down to 1 micron in size.

MSRP: \$99.99

Judges' comments: Power plus portability. You can take it with you wherever you go.

◀ **Tantimber: Tantimber ThermoWood Oak**

Key features: Whether for decking or cladding, this sustainably sourced hardwood undergoes an environmentally friendly, chemical-free process called Thermowood. The process uses steam and heat, resulting in finished products that are dimensionally stable and incredibly durable. Tantimber ThermoWood Oak offers a range of profiles and will not warp or expand, and it is virtually impervious to fungi and bacteria that can cause decay. This product is promoted as an exceptional alternative to endangered South American hardwoods.

MSRP: \$12 per square foot

Judges' comments: Thermally modified wood products have been thriving in Europe for decades.

▼ **FastenMaster: FastenMaster MVP Multipurpose Fastener**

Key features: MVP combines FastenMaster's exclusive double-lead SureStart point for a fast start, and the TORX ttap drive system for stable, wobble-free installation. The fastener also features a durable ProjectLife Coating that delivers superior corrosion protection for the life of the project and a SureSink Head that countersinks into the wood without compromising clamping force.

MSRP: Varies

Judges' comments: The variety of packages is a plus, along with the free TORX bit.

▲ **Daich Coatings: Rock Patch**

Key features: This filler, leveler and resurfacer is made with a tough polymer/stone formula. The pre-mixed compound comes out of the container ready to use, no messy mixing required. Can be used as a prep work step on both interior and exterior surfaces. Ideal starting solution for cracked, broken surfaces before beginning larger projects.

MSRP: \$47.95 per gallon

Judges' comments: No odor. Extra flexibility. It doesn't dry quickly like concrete, so you can take your time to smooth it into shape to repair.

► **TiteBond: TiteGrab Plus Construction Adhesive**

Key features: TiteGrab Plus is an easily extrudable, advanced polymer formula designed to instantly grab and hold materials in place. TiteGrab Plus significantly reduces installation times and amount of bracing, making it ideal for interior and exterior construction and repair projects.

MSRP: \$7.99 to \$9.99

Judges' comments: Versatile use cases include backsplashes, brick veneer, countertops and more.
